

Stylist Cherie reveals how to get more out of your service.

❀ A great blowout brings out the beauty of a haircut ❀

Stylist Cherie mastered the art of the perfect blowout during a class held in Newark, De on Sept 26th. Cherie learned how to take your look to the next level with her expert techniques and skills she has mastered. There's no type of hair out there that can't use a great blow out. Cherie can give you tips for extending the life of your blowout.

Cherie is excited to pass this knowledge to you. She will educate you on how to section the hair, hold the blow dryer & brush and direction of the nozzle.
